CAPABILITIES STATEMENT

MISSION

Critical Solutions secures the digital landscape by delivering mission-focused cyber solutions through a highly skilled team of cybersecurity professionals. We provide expert cybersecurity services in computer and network defense, incident response, security and vulnerability assessments, fusion operations, and innovation optimization to help organizations protect against and mitigate evolving cyber threats and risks. Critical Solutions is a Minority Women-Owned Small Business, enabling us to support federal agencies in achieving their socio-economic contracting goals.

CORE COMPETENCIES

- > Computer Network Defense
- > Incident Response
- > Infrastructure Support
- > Security Assessments
- > Fusion Operations
- > Innovation & Optimization
- > SIEM Development & Utilization
- > Metrics Tracking & ROI Analysis

PAST PERFORMANCE

DEPARTMENT OF HOMELAND SECURITY (DHS)

NOAA – 2019–2023

DIFFERENTIATORS

TOP SECRET FACILITY SECURITY CLEARANCE

Trusted to protect our nation's most sensitive information and critical environments.

DELIVERING EXPERT MALWARE ANALYSIS REVERSE ENGINEERING SUPPORT

Delivering expert Malware Analysis and Reverse Engineering support to strengthen our clients' cyber defense capabilities.

SPLUNK MASTERY

Lead our clients to leverage Splunk's full potential for robust threat analysis and response.

CLIENT-CENTRIC APPROACH

Through initiatives like fly-away engagements, we prioritize client engagement and support, fostering clear communication and understanding of our cybersecurity processes.

DATA-DRIVEN DECISION MAKING

Our proficiency in metrics tracking and ROI analysis enables us to provide actionable insights that drive informed cybersecurity decisions and resource allocation.

FRAMEWORKS PROFICIENCY

Mastery of frameworks like MITRE ATT&CK and Cyber Kill Chain empowers us to develop targeted and proactive cybersecurity strategies that effectively mitigate evolving threats.

TAILORED SOLUTIONS DEPLOYMENT

Deployed customized solutions, through successful projects with agencies like CBP and FEMA, addressing specific cybersecurity challenges and requirements.

COMPANY DATA

- **UEI:** P27QMGFAJR13
- **CAGE:** 6XYW8
- **NAICS:** 541511, 541512, 541514, 541519, 541990

Critical Solutions combines mission experience, technical excellence, and a client-first mindset to deliver secure, innovative, and cost-effective solutions. We are committed to helping federal agencies and defense contractors achieve mission success through trusted partnerships and measurable results.
